PATENT Elastic Fire and Water Proof CEMENT ROOFING.

THE undersigned is prepared to introduce into use in Tennessee W. E. CHILDS & CO'S PATENT ELASTIC FIRE AND WATER-PROOF CEMENT ROOF. ING, and asks the attention of Architects, Builders Railroad Companies, and the public, to examine it superiority over other Roofing. Architects and Builders Should not fair to examine this Rooting, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, clastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperishable, and will perfectly resist any ordinary external exposure to fire, as is fully and abundantly proven, and we will warrant it water proof. We will engage to put our Roofing on over ordinary good aheathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for seven dollars per one hundred square feet; it being far cheaper than any roof of the old style, and we are sure it will give bet roof of the old style, and we are sure it will give bet

lt will also be found to be the best thing ever in-It will also be found to be the best thing ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimneys, scuttles, dormer windows and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Roefs can be cemented over (and warranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much better than paint. This Roofing will be found to be the best thing for covering large Roofs where they are exposed to fire—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steamboat Decks, and in fact every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint in it, it presents no chance for fire to communicate, and any light substance will burn out without igniting.

\*\*Bo Insurance Offices at Cincinnati, and other places where Childs & Co's Cement has been used, insure Buildings with Roofs covered with this Cement, at the same rates as for those covered with from, Copper or Tin.

The Cement will be furnished to those at a distance with directions for using.

27 Orders sent to the undersigned, through the
Post Office will be promptly attended to. I would respectfully refer to the following gentle-men for whom I have covered buildings with the Ce-

disease. I have the more readily undertaken the agency, from the fact of its extreme simplicity—being an entrand application, the action of which is seemingly miraculous, and its having none of those attributes which make up the numerous compounds now in general make up the numerous compounds now in general use.

With the utmost confidence in the success of this remedy, which has heretofore been used in private practice with great success, as is shown by numerous letters and certificates, is now offered to the public.

A pamphlet, containing directions, letters from distinguished individuals, and documentary evidences from the physicians of the hospital of Havana, Island of Cuba, &c., will accompany the remedy.

These speak volumes in its praise, and publicity is only required to render it as popular as it is benefical. Address,

Persons of Consumptive Habits, READ THIS! TO THE GEFENBERG COMBANY: For the first time in my life I am induced to certify to the truly wonderful effects of a popular medicine, but in sending you the certificate I feel that I am only discharging a duty that I owe to the Græfenberg Company, and

more especially to suffering humanity.

About the first of June last, I had a negro man taken with a cough attended with restlessness, spitting of blood, and other dangerous symptoms of consumption. I immediately called in a truly skillful and scientific physician, who told me it was a case of consumption. He treated him for several weeks, but he gradually grew worse. I then had another physician of great reputation in lung diseases. He examined him, and also decided it to be a hopeless case of consumption, and said it was useless to spend money in trying to I had previously promised the Græfenberg Agents here, (Messrs. Wells & Lowell.) that when the doctors gave him up I would try the Græfenberg Consump-tive's Balm. I did so and to my agreeable surprise,

the man began to improve after taking only five or six doses. He took only two bottles of the Balm and three bottles of the Græfenberg Sarsaparilla Compound, which cost me the small sum of nine dollars, and to-day I consider him entirely cared. He is worth \$1,200, and he is doing me good service on the plantation, consider him perfectly sound and well as he is fat searty, and strong, without a vestige or sign of disease JOHN MYELS, I have used the Græfenberg Consumptive's Baim in severe cases of consumption, in my practice, with the happiest effect. I wish all would use it.

S. MEDARIS, M. D., Totten's Wells, Tenn. The Græfenberg Consumptive's Balm will effectually cure Consumption and all complaints of the lungs. In cases of Cold on the Lungs and Chest, Larguer combined with Difficult Broashing, Pains in the Chest, and Bronchitis, the Græfenberg Consumptive's Balm will effect a complete cure and prevent the disease from becoming a confirmed Consumption. In all cases, de-lays are dangerous. They are as an hundred fold to all diseases having a tendency to Consumption. We arnestly advise all to procure the Consumptive's Balm 23 The price of the Consumptive's Balm is \$3 per ALEX. MACKEN/IE, Nashville, Agent for the Græfenberg Company, for Tenness Alabama, and Georgia.

The Great English Remedy. Thorn's Compound Extract of Copaiba and Sarsaparilla, Possesses advantages not enjoyed by any other med-icine for the cure of sexual diseases, which must

with an enlightened public render it assuredly highly popular, and a desideratum long sought for in the medcal world. It needs no confinement or change of diet. In its approved form, that of paste, it is entirely taste-less, and causes no unpleasant sensation to the patient. It has acquired the utmost fame in almost every part of Europe; it has been examined, approved of, and sanctioned by the faculty of medicine, and recommen-ded by the most eminent of the profession. Prepared by J. W. THORN, Chemist, London, and for sale, wholesale and retail, by John A. Tarkant & Co., Agents for the United States, 278 Greenwich street, New York. AYER'S CHERRY PECTORAL FOR THE RAPID CURE OF Coughs, Colds, Hoarseness, Influenza Bronchitis, Whooping-Cough, Croup, Asthma, Incipient Consumption,
And for the relief of Consumptive patients in advance stages of the disease.
We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the Amer ican States, its wonderful cures of pul monary complaints have made it already known. Nay, few are the far iles in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of

its victory over the subtle and danger yet known to man for the formidable and dangerous diseases of the pulmo and safest remedy that can be em-ployed for infants and young persons. Parents should have it in store against \$ the insidious enemy that steals upon them unprepared. We have abundant grou here the Charact Pictoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, no negict them until no human skill can master the nex orable canker that, fastened on the vitals, eats you ife away. All know the dreadful fatality of long dis orders, and as they know too the virtues of this rem edy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no

care, no toil to produce the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure. AYER'S CATHARTIC PILLS. THE sciences of Chemistry an Medicine have been taxed their ut most to produce this best, most per most to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Phis have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the cateom of all men. They are safe and pleasant to take, but powerful to cure. Their penctrating properties atimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel the disease. They purge out the foul humors which breed and grow distemper, atimulate sluggish or disordered organs into their natural action, and impart healthy tone to the whole system. Not only do they care the every-day complaints of every body, but also formidable and dangerous diseases that has baffled the best human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugarcoated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surjuss belief were they not substantiated by men of such earlied position and character as to for bid the suspicion of untruth. Many

have been made which surrais belief were they not substantiated by men of such exalted periton and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering followmen.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and cartificates of their cures, of the following complaints: ments of the Liver and Kidneys, Gost, and other kindred complaints arising from a low state of the body or obstruction of its functions.

To not be put of by unprincipled dealers with some other pill they make more profit on. Ask for Arsa's Purs, and take nothing class. No other they can give you compares with this in its intrincic value or curative powers. The sick want the best and there is for them, and they should have it.
